

Discover the Stories Behind the Stones

Monday 25th February

Shropshire Archives, Shrewsbury. 2-4pm

Booking Essential

The Beautiful Burial Ground project is offering a FREE training session to those interested in the stories told by our burial grounds.

The burial grounds in the midst of our communities tell us about changing fashions and traditions, immigration and of lives both long lived and tragically short.

This session will cover an introduction to the archive as well as how to use the archive to investigate the lives and stories in your local burial ground.

Places are free of charge but must be booked please contact
